Classes needed to complete your degree and projected term you will take the class:

Student's Signature: _____ Date: _____

Advisor's Signature: _____ Date: _____

Comments (**For Advisor & Committee Use Only**):

Maximum Eligibility for Receipt of Financial Aid

The maximum eligibility for receipt of financial aid at Columbia State Community College is 150 percent of program length (90 hours for degree programs or 45 hours for certificate programs this includes all hours attempted) OR completion of the AA/AAS degree or Certificate, whichever is realized first. If the student needs financial aid eligibility for enrollment in coursework beyond this limit, further review and approval by the Financial Aid Committee must be requested.

As part of its deliberations, the Financial Aid Committee will review the student's request, transcripts of all completed coursework to date, and additional documentation provided by the student as outlined below.

1. If eligibility is requested for coursework beyond 150 percent of program, the student must provide:
 - statement of degree objective (please type)
 - list of additional courses required for degree completion approved by an academic advisor
 - attach an unofficial copy of your transcript
 - timeline for completion of additional courses for which eligibility is needed
 - attach a degree evaluation for your intended major

2. If eligibility is requested for an additional associate's degree beyond AA/AAS or a Certificate already completed, the student must provide:
 - statement of additional degree objective (please type)
 - list of additional courses required for additional degree and approved by an academic advisor
 - attach an unofficial copy of your transcript
 - timeline for completion of additional courses for which eligibility is needed
 - attach a degree evaluation for your intended major
